

# Shrijee Solar Structures

## INTRODUCTION TO SHRIJEE GROUP

Established in 1976, the Shrijee Group is a privately held manufacturing group. We offer a wide range of products and services such as solar structures for photovoltaic (PV) and concentrated solar power (CSP) plants, turnkey sugar projects, agricultural equipment, heavy fabrication, hot dip galvanizing and wind powered exhaust fans

We have a fully equipped fabrication and hot-dip galvanizing plant. We have more than 175 people in our team, including 45 engineers and 11 MBAs. In addition to these, at any given time, we usually have 400-500 people working on our sites. We have offices in Mumbai, Delhi and Chennai.

Shrijee has won the EEPC award for export excellence in 2010 & 2009. Shrijee was recognized as an “Export House” by the Government of India in 2007. Shrijee has received “High Performance Capability” and “High Financial Strength” ratings from D&B in May 2008. Shrijee has also received investment grade ratings in 2010 from CARE. We offer the following products and services:

- Fabrication of solar mounting structures ( PV and CSP)
- Hot dip galvanizing of solar mounting structures ( PV and CSP)
- Designing of solar mounting structures (PV only)
- Assembly and erection of solar equipment at site ( PV and CSP)

## SOLAR STRUCTURES - FABRICATION AND GALVANIZING

- First company in India to supply CSP structures
- Experienced manufacturing team
- Modern hot dip galvanizing plant
- Monthly capacity of 1000 MT
- Fully equipped test lab
- ISO 9001:2008 certified
- CNC machine for errorless fabrication
- Large 12 acre plot
- Located near Pune

# Shrijee Galvanizing

## HOT DIP GALVANIZING

Established in 1976, the Shrijee Group is a privately held manufacturing group. We offer a wide range of products and services such as Solar structures, turnkey sugar projects, agricultural equipment, heavy fabrication, wind powered exhaust fans, engineering spares and hot dip galvanizing.

- Solar Structures
- Signage Boards
- Cable Trays
- Gratings
- Ladders
- Flats & Plates
- Pipes
- Platforms

Experienced galvanizing team

Located near Pune

Zinc bath size 8000 x 1200 x 1600 mm

Automatic temperature control

Galvanizing capacity of 2500 MT per month

Well controlled process for achieving uniform zinc coating

Pretreatment of steel using special chemicals

Hot plate for uniform drying & preheating

State of art material handling facilities with remote controlled cranes

Effluent treatment plant to meet all environment standards

ISO 9001:2008 certified
